

2011 Annual Pet Luau

In celebration of happy, healthy pets we welcomed Columbia to join us for an afternoon of pet adventure! This is our story...

Our Luau included a tour through the hospital, starting with a picture of each puppy at our ever popular "photo booth".

Our hospital tour included both exam rooms, the laboratory, radiology (x-ray room), surgery preparation/treatment room, and surgery. We invited all to participate in a hospital quiz to test your pet health knowledge and questions were posted in each room throughout the hospital. Congratulations to our hospital quiz champion, April Lynn, who received 100% on the quiz!

Musical Mats: Prance your way around our circle of doggie mats to the beat of some swingin' tunes- just be sure you're on a mat when the music stops!

One of this year's activities included a fun variation on musical chairs. Mats were laid out for each dog participating and they went round and round to the beat of some summer tunes. Congratulations to our winner!
